Foreword

Shri Arvind Kumar

ACS, GoUP and Chairman, UPSIDA

"UPSIDA has facilitated grounding of investment of over INR 2,980 Crore in the previous year. This includes large players such as AB Mauri, PepsiCo, Amul, Air Liquide. The investment grounding was made possible on account of continuous efforts made by UPSIDA in ensuring responsive interventions (like OTS Scheme, integration of online services with Nivesh Mitra portal and other digital reforms) as per evolving requirement of its key stakeholders. We aim to continue with this momentum in helping the state attract investments and create employment opportunities with various investor friendly policies and ICT driven regulatory initiatives."

Shri Mayur Maheshwari

CEO, UPSIDA

"UPSIDA is committed to enhance the investor experience by ensuring transparent services delivered digitally, while reducing associated physical touch-points. In 2021, we launched OTS scheme with attractive incentives and opportunity for allotees to clear dues without need for physical visit. We have integrated many services with Nivesh Mitra portal, thus ensuring transparent and hassle-free investment process for our investors and allottees. Further, we have played an active role in enabling the pandemic response of GoUP by creating an oxygen grid of units spread over 18 districts. We will strive towards continuously improving the experience for all our stakeholders."

Milestones

Inauguration of Amul plant in Varanasi by Hon'ble PM (23rd Dec 21)

Expected investment around INR 470 to 500 Crore and anticipated employment generation of 5,000 for youth of Kashi with direct benefit to farmers in terms of procurement linkage

Launch of One Time Settlement Scheme

Valid till 31st Mar 2022 with attractive incentives. Unique reform measure by UPSIDA to help allotees clear their maintenance dues without physical visit to bank / UPSIDA office

Ground-breaking of Air Liquide plant in Mathura by Hon'ble CM (5th Jan 22)

Foreign investment of INR 360 Crore to produce 305 TPD of oxygen — this plant is expected to double the oxygen production capacity of the state

UP demonstrated highest improvement in LEADS ranking

UP leapfrogged from 13th position (in 2019) to 6th position (in 2021). UPSIDA is the nodal agency for logistics & warehousing projects

On 23rd Dec 2021, Hon'ble Prime Minister Shri Narendra Modi laid down the foundation stone for Amul plant at Agro Park Karkhiyaon, Varanasi in the august presence of Hon'ble Chief Minister Shri Yogi Adityanath

UPSIDA's relentless efforts to promote white revolution in the State finally culminates successfully as Hon'ble Prime Minister lays the foundation stone of the upcoming unit of BANAS dairy in the auspicious presence of Hon'ble Chief Minister of Uttar Pradesh at Agro Park, Varanasi

30 acres of land is allotted to Amul for its 3rd plant in UP. It is envisaged that around INR 470 to 500 Crores would be invested in this unit, which will generate direct and indirect employment of 5,000 and will have a capacity of processing 7.5 lakh Litres of milk per day. Setting up of this unit shall provide benefit to farmers in all the villages located within 50 km perimeter and shall also generate employment opportunity for the youth of Kashi.

On 5th Jan 2022, Groundbreaking of Air Liquide Oxygen plant in Mathura by Hon'ble Chief Minister Shri Yogi Adityanath

Air Liquide is setting up an oxygen plant at Kosi Kotwan, Mathura. Anticipated investment (foreign) is INR 360 Crores, and this plant is expected to manufacture 305 TPD of liquid & medical Oxygen along with liquid Nitrogen and liquid Argon. With this, oxygen production capacity of the state would be almost doubled – this would enable the state to respond to any emergency situations arising out of the pandemic

Launch of One Time Settlement (OTS) Scheme to help the allotees clear their maintenance dues without need for physical visits

To help its allottees and entrepreneurs clear their pending maintenance dues, UPSIDA launched OTS scheme on 20th Dec 2021. This scheme would be valid till Mar 31, 2022 and can be availed through Nivesh Mitra portal. While designing the OTS framework, UPSIDA has duly considered easy access to information and easy navigation option for its allottees and entrepreneurs.

@UPSIDA

UPSIDA sets up COVID helpdesk at industrial areas & regional offices and supports in creating state-level Oxygen grid

Overall, 34 Oxygen units spread across 18 districts of the state with an investment outlay of INR 576 Crore, out of which 19 units are operational and 8 units are under construction

"Mission Shakti" was observed in various industrial areas of UPSIDA to acknowledge the efforts of women entrepreneurs and stakeholders

Celebrating Mission Shakti with Entrepreneurs

Mission Shakti event organized at Industrial Area Panki (31st Dec 2021)

Mission Shakti event organized at GNEPIP Surajpur (24th Dec 2021)

Flagship Project

Mega Food Park, Baheri, Bareilly District

246.15 acresTotal area including industrial land and support amenities

Land allotment has commenced for food processing industries

Infrastructure development almost complete (internal road network, boundary wall, streetlight, sanitation)

Located in the border of UP and Uttarakhand – location suitable for investors from Uttarakhand

Forward and backward linkages with food processing industrial ecosystem in Bareilly

Provision for utility services (electricity & dedicated substation & drinking water)

Rich agricultural resources and food process industrial ecosystem of UP and Uttarakhand – beneficial for investors

Nivesh Mitra, Single Window System for online land allotment and other services available 24×7

Bareilly region is rich in agricultural resources (like rice, sugarcane)

Good access to multi-modal connectivity – seamless transport of raw materials & finished goods

Availability of skilled and semi-skilled manpower in the region

Investment Opportunity

Uttar Pradesh State Industrial Development Authority

Inviting Food Processing Units

Mega Food Park, Baheri, District Bareilly

₹**2,445** per sq. mt. Location & Corner charges extra as applicable

*Industrial plots available for allotment from 30th November 2021

246.15 acre **For Food Processing Units**

Industrial Plots of different sizes are available

600 sq.mt.

800 sq.mt. 1,000 sq.mt. 2,400 sq.mt. 3,400 sq.mt.

and bigger plots also available

Online Allotment through Nivesh Mitra

https://niveshmitra.up.nic.in/

55 km from Bareilly City & Airport

8 km from Baheri Tehsil Well-connected with Nainital Road (SH-37)

10 km from Kichha railway station

250 km from Delhi Airport

Proximity to Uttarakhand - location suitability for investors from Uttarakhand **Development completed in Phase-1**

Benefits for Food Processing Industries

- Bareilly and immediate vicinity of Baheri known as major producer of agricultural, horticultural crops
- Prevalence of many food processing units in the region
- Hub of sugarcane production
- Close vicinity to rice producing belt of Tarai region
- Attractive incentives as per UP Food Processing Policy

Internal roads and support amenities

Rich agricultural resources in the region

Internal streetlights network

Good access to multimodal connectivity

33/11 KV Substation and electricity connection

Online services for pre and post investment support

Police Outpost proposed within the premises

Developed Infrastructure

Investor Connect

PepisCo's largest greenfield investment in manufacturing in India

Inauguration of PepsiCo plant in Mathura by Hon'ble CM; this plant is expected to ground INR 814 Crore investment and generate employment for 1,500 people with benefits to 5,000+ farmers

"The launch of our new plant in Kosi Kalan, Mathura is in line with the spirit of Atmanirbhar Bharat. Commissioning of the foods plant marks PepsiCo's single largest investment in the country. The support of the UP Government and local administration has been instrumental in commissioning of our state-of-the-art manufacturing facility in less than two years"

- Ahmed ElSheikh, President, PepsiCo India

E-Gov Initiatives

The success story of UPSIDA is attributed to digital led e-governance model

Digital Transformation initiative by UPSIDA is aimed at providing online and transparent services to industry players across the life cycle of investment

Provision of 24 egovernance/ online services which are also integrated with Nivesh Mitra Impact of digital-led initiative is evident from increasing no. of applications, reduction in physical visits, and rising user satisfaction levels

**YTD is till Jan 20, 2022

Due to continuous digitization of existing processes, around 90% of the applications were processed virtually, without any visit by the investor.

The number of people asked to visit departments has decreased from 52% in FY 19-20 to 11% in FY 21-22 (YTD*)

Increase in Applications by 229% (CAGR) between FY 18-19 to FY 20-21 from the 15 Districts with lowest number of applications

GIS system captures detailed information of all 154 industrial areas and provides easy access to information for investors

Simplified & transparent land allotment process through Nivesh Mitra & UPSIDA portals

Way Forward

UPSIDA is committed to helping the State Government achieve its stated vision of becoming a \$ 1 tn economy by 2027

Interventions have been planned along the following key pillars

Key Projects

Key flagship projects which are aligned with state's priorities

Sustainable Industrial Areas

Adoption of national / international frameworks

Enabling Policy Framework

Ensuring investor responsiveness

Digitally-enabled Service Delivery

Transparent and time-bound services for enhanced ease of doing business

Internal Capacity development & Improvement

Reskilling / upskilling of UPSIDA officials

Financial selfsustainability

Surplus generation for making investments

Comprehensive road-map has been prepared to prioritize interventions in the short / medium / long term
